General guidelines

1. Purpose of survey

This survey is taken for statistical purposes in order to compile official statements of South Africa's balance of payments and international investment position, of which returns also have to be submitted to the International Monetary Fund in terms of section 5 of Article VIII of the Articles of Agreement of the Fund.

2. Authority

The information requested is collected in terms of the regulations published under Government Notices 702 and 703 of 20 April 1956.

3. Confidentiality

In terms of clause 4 of the regulations referred to above, all employees of the South African Reserve Bank involved in this survey are sworn to secrecy. Over and above this provision, assurance is given that no action of any kind will be taken under the Exchange Control Regulations against any organisation or person on the grounds of information furnished in this survey.

4. Penalty

Refusal or neglect to furnish the information called for, is an offense subject to penalty.

5. Definitions

Please read the definitions on page 2 before completing the survey.

6. Institutional sector classification guide

The Institutional Sector Classification Guide for completing Form B03 is available on the website of the South African Reserve Bank at <http://www.reservebank.co.za/sectorguide>.

7. Unit of recording

All figures should be reported in **thousands of rand/foreign currency**.

8. Foreign countries

Only aggregates relating to foreign countries, including Botswana, Lesotho, Namibia and Swaziland, should be reported.

9. Estimates

If accurate information is not available, best estimates should be provided.

10. Valuation

Outstanding foreign liabilities and assets denominated in foreign currency should be shown at market values. Valuation adjustments (i.e. changes in the value of assets and liabilities due to fluctuations in exchange rates or bad debts written off) which are actually effected to foreign liabilities and assets during this quarter must be shown in the column provided for this purpose.

11. Net transaction value

Net transaction value represents the net value of changes in foreign liabilities and assets due to transactions in these liabilities and assets as recorded in the books of the reporting organisation.

12. Nil returns

This form should be returned to the South African Reserve Bank, even in those cases where it contains no information about foreign transactions, liabilities and assets.

13. Duplicate of return

A copy of this return should be retained for reference purposes.

14. Postage

A reply-paid envelope is enclosed for mailing this form to the South African Reserve Bank.

15. Queries

Queries should be addressed to: Balance of Payments Division, Research Department, South African Reserve Bank, PO Box 7433, Pretoria, 0001; telephone (012) 313-3379/3778 or fax (012) 313-4013/3759 or by sending an e-mail by utilising the facility provided under the following address: <http://www.reservebank.co.za/forms>.

## Definition of terms

**A resident of South Africa includes** any individual, enterprise or other organisation ordinarily domiciled in South Africa, or who intends to stay in or to establish its headquarters in South Africa for a period of 12 consecutive months or longer. South African registered branches and incorporated subsidiaries of foreign enterprises are regarded as South African residents.

### **An organisation**

An organisation means a company, branch, firm, estate, trust, government authority or institution.

### **Direct investment relationship**

A direct investment relationship is established when a direct investor (i.e. an individual, enterprise or group of related enterprises) resident in one country owns 10 per cent or more of the ordinary shares or voting stock of an enterprise resident in another country. Direct investment enterprises comprise those entities that are subsidiaries (a non-resident investor owns more than 50 per cent), associates (an investor owns 50 per cent or less) and branches (wholly or jointly owned unincorporated enterprises) either directly or indirectly owned by the direct investor. It is important to note that direct investment comprises not only the initial transaction establishing the relationship between the investor and the enterprise, but also all subsequent transactions between them and among affiliated enterprises, both incorporated and unincorporated.

### **Securities**

Securities of an organisation include marketable shares, debentures, bonds, loan stock or bearer script issued by that organisation to obtain funds for the purpose of financing its own activities.

### **Long term/short term**

Long term refers to liabilities and assets with an original contractual maturity of more than 12 months. Short term refers to liabilities and assets with an original contractual maturity of 12 months or less.

## Trade in services Tables 1(c) and 1(d)

### **Telecommunication services**

Include the transmission of sound, images, or other information by telephone, telex, telegram, radio and television cable, broadcasting, satellite, electronic mail, facsimile services and business network services.

### **Postal and courier services**

Cover the transport and delivery of letters, newspapers, periodicals, brochures, parcels and packages. Postal services also include telegram services and Post Office counter services. Courier services include express and door-to-door delivery.

### **Construction services**

Cover work performed on construction projects and installations outside the borders of the reporting economy. The work is generally performed in less than 12 months.

### **Insurance services**

Cover the provision of various types of insurance services. These services are estimated or valued by the service charges included in total premiums and not the total value of the premiums.

### **Financial services**

Cover financial intermediary and auxiliary services, except those of insurance enterprises and pension funds, conducted between residents and non-residents. Included are intermediary service fees, bankers' acceptances, lines of credit, financial leasing, and foreign exchange transactions.

### **Computer services**

Consist of hardware and software-related services and data-processing services. Included are software consultancy and implementation services; maintenance and repair of computers and peripheral equipment, and the provision of advice and assistance on matters related to the management of computer resources.

### **Information services**

Include database services – database conception, data storage and the dissemination of data and databases. Also included are direct, non-bulk subscriptions to newspapers and periodicals, whether by mail, electronic transmission or other means.

### **Royalties and licence fees**

Cover the exchange of payments and receipts for the authorised use and/or purchase/sale of intangible, non-produced, non-financial assets and proprietary rights such as patents, copyrights, trademarks, industrial processes and franchises.

### **Operational leasing**

Operational leasing (rental) covers resident and non-resident leasing (excluding financial leasing) of equipment and machinery, chartering of ships, leasing of aircraft and transportation of equipment.

### **Merchandising**

Covers commissions on goods and service transactions between resident merchants, commodity brokers, dealers and commission agents and non-residents.

### **Legal services**

Include advice on and representation in legal, judicial and statutory procedures; the drafting of legal documentation and consultancy services.

### **Accounting and auditing services**

Include accounting, auditing, bookkeeping and tax consultancy services.

### **Management consulting services**

Cover advice, guidance and operational services to businesses.

### **Advertising and market research**

Covers the design, creation and marketing of advertisements by advertising agencies.

### **Research and development services**

Cover basic research, applied research and experimental development of new products and processes.

### **Architectural, engineering and other technical services**

Include transactions-related architectural design, planning and project design, the supervision of dams, bridges, airports and other large-scale projects. Mining engineering is covered under mining services.

### **Agricultural, mining and other on-site processing services**

Include services that are incidental to agriculture, such as the provision of agricultural machinery with crew, harvesting, treatment of crops, pest control, animal boarding, animal care and breeding services. Mining services provided at oil and gas fields include drilling, derrick building, repair and dismantling services and oil and gaswell casing.

### **Audiovisual and related services**

Include services and associated fees related to the production of motion pictures, radio and television programmes and musical recordings.

### **Other cultural and recreational services**

Cover services such as those associated with museums, libraries, archives, and other cultural, sporting and recreational activities.

**Industrial classification**
