General guidelines

1. Purpose of survey

This survey is conducted for statistical purposes in order to compile official statements of South Africa's balance of payments and international investment position. Returns of these statements also have to be submitted to the International Monetary Fund (IMF) in terms of section 5 of Article VIII of the Articles of Agreement of the IMF.

2. Authority

The information requested is collected in terms of the regulations published under Government Notices 702 and 703 of 20 April 1956.

3. Confidentiality

In terms of clause 4 of the regulations referred to above, all employees of the South African Reserve Bank involved in this survey are sworn to secrecy. Over and above this provision, assurance is given that no action of any kind will be taken under the Exchange Control Regulations against any organisation or person on the grounds of information furnished in this survey.

4. Penalty

Refusing or neglecting to furnish the information called for is an offence subject to penalty.

5. Consolidation of data

Information should not be consolidated except in the case of

1. two or more South African organisations that merged during 2015; or
2. South African branches organised under the same corporate form.

6. Insufficient space

If the space on the form is insufficient for furnishing the required information, separate sheets to which clear reference should be made may be used for reporting further data. The separate sheets should be appropriately ruled in columns to provide for information on additional countries.

7. Duplicate of return

A photocopy of this return must be retained for reference purposes.

8. Postage

A reply-paid envelope is enclosed for mailing this form to the South African Reserve Bank.

9. Queries

Queries should be addressed to: Balance of Payments Division, Research Department, South African Reserve Bank, PO Box 7433, Pretoria, 0001; tel. no. 012 313-3727, fax no. 012 313-4013/3759 or by sending an e-mail to Piet.Swart@resbank.co.za.

Definition of terms

Resident of South Africa

A resident of South Africa means

1. an individual staying, intending to stay or making his/her headquarters in South Africa for a period of 12 consecutive months or longer;
2. an organisation operating in South Africa; or
3. a South African embassy and consulate in a foreign country, but excluding any foreign diplomatic or military mission or representative situated in South Africa.

An organisation

An organisation means a company, branch, business, farm, estate, trust, government authority or institution that is a resident of one country only, unless otherwise indicated.

The reporting organisation

The reporting organisation means the organisation in respect of which this return is completed.

Domestic

Domestic, for the purposes of this survey, refers to the Republic of South Africa.

Foreign

Foreign refers to that which is not domestic.

Foreign assets

Foreign assets include the following assets owned by residents of South Africa:

1. share and other equity capital in foreign organisations, including capital shares in the case of partnerships;
2. financial and other claims on foreigners, including claims on foreign banking institutions and securities issued by foreign government authorities;
3. foreign currency notes and coin;
4. real estate and farms, including improvements, situated in foreign countries;
5. inventories and other physical assets situated in foreign countries (South African goods in transit are regarded as domestic assets);
6. insurance policies issued by insurance organisations resident in foreign countries;
7. leases, concessions and land or mineral rights in foreign countries; and
8. patents, trade marks and similar rights granted to foreigners.

Foreign liabilities

Foreign liabilities include the following domestic items owned by foreigners:

1. share and other equity capital in South African organisations, including capital shares in the case of partnerships;
2. financial and other claims on residents of South Africa, including claims on South African banks;
3. currency notes and coin of South Africa;
4. real estate and farms, including improvements, situated in South Africa;
5. inventories and other physical assets situated in South Africa;
6. insurance policies issued by insurance organisations resident in South Africa;
7. leases, concessions and land or mineral rights in South Africa; and
8. patents, trade marks and similar rights granted to residents of South Africa.

Foreign transactions

Foreign transactions by residents of South Africa include the following items:

1. acquisitions from, and disposals (sales) to, foreigners of the various foreign assets and liabilities as defined above;
2. receipts and payments as compensation to the owners for the use of the various foreign assets and liabilities as defined above (e.g. dividends, interest, branch profits, insurance premiums and claims);
3. imports and/or exports of goods from and to foreign countries;
4. receipts and payments for services rendered to and by foreigners (e.g. professional services, advertising); and
5. transfer payments and receipts to and from foreigners (e.g. pensions, donations).

Direct investment relationship

A direct investment relationship is established when a direct investor (i.e., an individual, enterprise or group of related enterprises) resident in one country owns 10 per cent or more of the ordinary shares or voting stock of an enterprise resident in another country. Direct investment enterprises comprise those entities that are subsidiaries (a non-resident investor owns more than 50 per cent), associates (an investor owns 50 per cent or less) and branches (wholly or jointly owned unincorporated enterprises) either directly or indirectly owned by the direct investor. It is important to note that direct investment comprises not only the initial transactions establishing the relationship between the investor and the enterprise, but also all subsequent transactions between them and among affiliated enterprises, both incorporated and unincorporated.

Affiliates or affiliated persons and/or organisations

Affiliates or affiliated persons and/or organisations include

1. individuals married to each other, their direct ancestors and their children;
2. brothers and sisters;
3. estates of persons or trusts for the benefit of, or created by persons or organisations in relation to, such persons or organisations;
4. in relation to a particular organisation, all other organisations or persons in the same country, each owning at least 10 per cent of the voting stock or comparable ownership rights of the former organisation.

Allied organisation or person (AOP)

An allied organisation or person (AOP) of the reporting organisation could be defined as

1. any other organisation or person, domestic or foreign, who owns more than 10 per cent of the total issued voting stock or comparable ownership or voting rights of the aforesaid organisation;
2. any other foreign organisation that is an allied organisation of the foreign organisation, which owns more than 10 per cent of the voting rights of the reporting organisation; and
3. any other foreign organisation in which the specific "foreign" organisation (i.e. the direct foreign investor) owns more than 10 per cent of the voting rights.

A branch

A branch shall be deemed to exist in a particular country if all the following conditions are met:

1. premises are used for the purposes of conducting business;
2. some measure of supervision or control is exercised over the business by a separate organisation, known as the head office, in another country;
3. the head office and the said business are organised in one corporate form (or in a form comparable to a corporate form); and
4. the business transactions are recorded in a set of accounts revealing whether profit or loss is made on such business.

Note: The head office and branch will normally, though not necessarily, operate under the same name. **The term 'branch' will be used in this form only if the head office and branch are in different countries.**

An agency

An agency shall be deemed to exist in a country only if the first three conditions enumerated under "A branch" (above) are valid.

Securities

Securities of an organisation include marketable shares, debentures, bonds, loan-stock or bearer scrip issued by that organisation to obtain funds for the purpose of financing its own activities.

Long term

Long-term liabilities and/or assets refer to those without maturity (e.g. shares) or to those with a fixed period of redemption of 12 months or longer.

Short term

Short-term liabilities and/or assets refer to those payable on demand or within a fixed period of redemption of 12 months.

Questionnaire**Data**

1. Reporting organisations are requested to provide a country allocation of each item of their foreign liabilities and/or assets reported in Form BA900 as at 31 December 2015, and of selected foreign transactions during the calendar year 2015.
2. The name and code number for a particular country as furnished on the list on page 14 and 15 must be entered in the relevant space provided.
3. All data should be reported to the nearest thousand rand in this part of the questionnaire, whereas data to the nearest rand are required in sections 5 and 6.
4. It is suggested that foreign transactions, liabilities and assets relating to various countries and amounting to less than R10 000 per country for a particular item, be grouped together and designated "Unallocated foreign".

Allied organisation or person (AOP)

Reporting organisations are also requested to distinguish between foreign transactions and outstanding liabilities and assets vis-à-vis "AOPs" and "Other foreigners". The following examples may help to illustrate the concept of an AOP:

AOP, in relation to a specific organisation or person, is defined as follows:

1. Any other organisation or person, domestic or foreign, who owns more than 10 per cent in the aforesaid organisation.
(In this case there are two possibilities, which are discussed below by means of examples.)

Example 1

A South African bank, B, is 40 per cent owned by an organisation, A, in the United States of America (USA), which represents a share capital investment of R100 000 out of a total of R250 000. Furthermore, B received loans under repurchase transactions of R50 000 from A and R250 000 from other residents of the USA, and had deposits of R40 000 with A and R200 000 with other banking institutions in the USA. If B is the reporting organisation, then all transactions, liabilities and assets vis-à-vis A must be shown in the "AOP" column for the USA, whereas the transactions, liabilities and assets vis-à-vis other residents in the USA must be reported under the heading "Other" in the USA row.

In this example, the data must be reported as follows in sections 3 and 4:

Foreign liabilities and assets by country
Balance as at 31 December 2015

| | Country | Total foreign countries | Foreign countries (indicate names and code numbers) | | | |
|--|------------|-------------------------|--|------------|-------|-------|
| | | | USA | | | |
| | | | AOP | Other | AOP | Other |
| Code | | | | | | |
| Item no. as per form BA900 | | R'000 | R'000 | R'000 | R'000 | R'000 |

| Loans received under repurchase transactions..... | 49 | 300 | 50 | 250 | | |
| Foreign assets | | | | | | |
| Deposits with, and loans and advances to, foreign banks, denominated in rand | 117 | 240 | 40 | 200 | | |

If, for example, a dividend of 10 per cent was declared at the end of 2015, the data must be reported as follows in section 1:

Selected foreign transactions by country
Data for the calendar year 2015

| | Country | Total foreign countries | Foreign countries (indicate names and code numbers) | | | |
|---|---------|-------------------------|--|-------|-------|-------|

| - AOPs | | 10 | 10 | | | |
| - Other | | | | | | |

Example 2

A further organisation, C, in South Africa is more than 10 per cent owned by the above-mentioned organisation B and consequently A, B and C are all allied organisations of one another. If C is the reporting organisation, then details about transactions, liabilities and assets vis-à-vis A must be shown in the "AOP" column for the USA in the same way as in example 1 above.

2. Any other foreign organisation that is more than 10 per cent owned by the specific organisation and/or person.
(In this case, Z in Zimbabwe is more than 10 per cent owned by Y in South Africa. If Y is the reporting organisation, details about the transactions, liabilities and assets vis-à-vis Z must be shown in the "AOP" column for Zimbabwe.)
3. Any other foreign organisation that is an allied organisation of the foreign organisation which owns more than 10 per cent in the specific organisation. (In this case B in South Africa is more than 10 per cent owned by A in the USA. In turn, A has AOPs in the United Kingdom and Australia. If B, which is the reporting organisation, had transactions, liabilities and/or assets vis-à-vis the AOPs in the United Kingdom and Australia, such data must be shown in the "AOP" columns of the two countries.)

Note: Organisations with no AOPs must report the data by item in total only for each of the various countries under the heading "Other".

5. Shareholders of the reporting organisation

Furnish the following information in respect of each registered shareholder owning vote-bearing shares representing at least 10 per cent of the total voting rights of the reporting organisation as at 31 December 2015. In the case of a nominee shareholder, the registered name of the nominee must be shown under (a) and the corresponding information in respect of the beneficial shareholder, where known, under (b) below.

(a) Registered shareholders

| Name of registered shareholder | Code | Country of registered address of shareholder | Shareholding in the reporting organisation | |

6. Investment by reporting organisation in domestic shares (see note below)

The following information is required in respect of each South African organisation in which the reporting organisation held vote-bearing shares representing at least 10 per cent of the total voting rights as at 31 December 2015.

Note: This information must be furnished only by reporting organisations that are in direct investment relationship with a foreign organisation or person or several affiliated organisations and/or persons. (See definition of a direct investment relationship on page 2.)

| Name and address of domestic organisation | Reporting organisation's shareholding in domestic organisations | |
|---|---|---|
| | Paid-up (nominal) value (Rand) | Percentage of total voting rights represented by shareholding (%) |
| 1. | | |

| 1. | | | | | | | | |
| 2. | | | | | | | | |
| 3. | | | | | | | | |
| 4. | | | | | | | | |

** The amounts to be reported must represent the total book values taken from the **foreign organisations' balance sheet** and not the proportionate share of the reporting organisation only. All data must be converted into rand at the middle market rates of exchange as supplied in the **Appendix**. If figures are not available on a calendar-year basis, data for the financial year-ends of foreign organisations will be acceptable.

(b) Changes in the reporting organisation's investment in foreign shares and other securities

State in respect of investments in securities of foreign companies and government authorities or securities acquired and disposed of during the calendar year the following amounts by country of residence of these foreign organisations:

| | Country | Total foreign countries | Foreign countries (indicate names and code numbers of countries) | | | |
