#### General guidelines

- 1. Purpose of survey**  
 This survey is conducted to obtain statistical information that is required for compiling a complete set of national financial and economic accounts for South Africa. These accounts will help to ensure that the country continues to meet the specifications of the Special Data Dissemination Standard (SDDS) introduced by the International Monetary Fund (IMF) in 1996.
- 2. Confidentiality**  
 Information collected will be aggregated and disseminated in the *Quarterly Bulletin* of the South African Reserve Bank and on the Bank's website (<http://www.resbank.co.za>). All information will be treated as confidential and no individual company statistics will be disclosed separately.
- 3. Coverage**  
 Where all the subsidiary organisations of the main organisation are operating in the same sector of economic activity, consolidated information for groups of organisations should be reported on Form F02. Organisations engaged in a sector of economic activity other than that of the main organisation should submit separate returns.
- 4. Nil returns**  
 This form should be returned to the South African Reserve Bank even in those cases where it contains no information.
- 5. Duplicate of return**  
 A copy of this return should be retained for reference purposes.
- 6. Institutional Sector Classification Guide for South Africa**  
 To assist your organisation in completing this form (F02), the *Institutional Sector Classification Guide for South Africa* is available on the Bank's website (<http://www.resbank.co.za/publications> and [notices/guides](http://www.resbank.co.za/notices/guides)).
- 7. Market values**  
 Balance sheet data should reflect **market values** as far as possible.
