#### Instructions

- 1. Financial Surveillance Regulation 3(1)(e) and (f) reads:
  - "3.(1) Subject to any exemption which may be granted by the Treasury or a person authorised by the Treasury, no person shall, without permission granted by the Treasury or a person authorised by the Treasury and in accordance with such conditions as the Treasury or such authorised person may impose
    - (e) grant any financial assistance to any person in the Republic, where as security for such financial assistance, the person granting the financial assistance in turn relies on any security, guarantee, undertaking or financial assistance, directly furnished by
      - (i) any person resident outside the Republic; or
      - (ii) an affected person
    - (f) grant any financial assistance to any person in the Republic, where such person -
      - (i) is not resident in the Republic; or
      - (ii) is an affected person".
- 2. Definition of terms as per Exchange Control Regulation 1: -
  - "Affected person" means a body corporate, foundation, trust, or partnership operating in the Republic, or an estate, in respect of which -
  - (i) 75 per cent or more of the capital, assets or earnings thereof may be utilised for payment to, or to the benefit in any manner of, any person who is not resident in the Republic; or
  - (ii) 75 per cent or more of the voting securities, voting power, power of control, capital, assets or earnings thereof, are directly or indirectly vested in, or controlled by or on behalf of, any person who is not a resident in the Republic.
  - "Financial assistance" includes the lending of currency, the granting of credit, the taking up of securities, the conclusion of an instalment sale and/or a hire purchase or a lease, the financing of sales or stocks, discounting, factoring, the guaranteeing of acceptance credits, the guaranteeing or acceptance of any obligation, a suretyship, a buy-back and a lease-back but excluding –
  - (a) the grating of credit by a seller in respect of any commercial transaction directly involving the passing of ownership of the goods sold from seller to purchaser; and
  - (b) the granting of credit solely in respect of payment for services rendered.
- 3. In compiling this questionnaire, the endeavour was to cover, as far as possible, all information which would normally be required by the Financial Surveillance Department to consider applications for exemption from the above-mentioned Regulations.

  Additional information may, however, be furnished if it is deemed relevant and necessary in support of the application.
- 4. With reference to items 19 and 20 of the questionnaire, a breakdown of the total shown must be provided in the application or in an attachment with details of the authority(ies) granted by the Financial Surveillance Department or the applicable section of the Exchange Control Rulings in terms of which liability was incurred.
- 5. All grantors of normal trade credit only are exempted from these Regulations.
- 6. It is emphasised that it is incumbent on the *grantor* of the financial assistance (the lender) to obtain exemption from the above-mentioned Regulations whether for continuation of facilities already granted to the borrower or for new facilities to be granted. The onus, therefore, rests on the lender to ascertain from each of his or her debtors, excluding debtors to whom normal trade credit only is granted, whether such debtor is an affected person.
- 7. One completed questionnaire may be submitted in respect of applications for exemption on behalf of all local lenders to a single borrower.
- 8. Additional definitions for purposes of this questionnaire:
  - "Associated companies" are companies generally considered to be those that form part of the same group because of ultimate control by a holding company or by a group of shareholders or because of interrelated or common shareholders and by virtue of a measure of co-ordination of the affairs of the companies comprising the group.
  - "Common Monetary Area" consists of Lesotho, Namibia, Swaziland and South Africa.
  - "Non-residents" for purposes of the questionnaire, are persons normally resident outside the Common Monetary Area.

#### Trade credit refers to

- (i) credit granted by the seller in respect of commercial transactions directly involving the change of ownership and/or the movement of goods from seller to buyer; and
- (ii) credit granted by a service organisation, other than a financial institution, in respect of payment for services rendered.

Note: All other terms used in this questionnaire should be interpreted in the same context as in normal business usage, but any borrower who is uncertain of any aspect covered in the questionnaire should refer to his or her bankers.
