

## South Africa

### Template on international reserves and foreign currency liquidity

Data in this template cover the short-term foreign currency assets of the South African Reserve Bank (SARB) and of the Central Government of South Africa. A wider definition was used up to October 2005. See the Note on the redefinition of gold and other foreign reserves in the balance of payments in the South African Reserve Bank Quarterly Bulletin, December 2005, p. 56-59.

Foreign currency liabilities reflect the liabilities held by the South African Reserve Bank and the Central Government.
