

SOUTH AFRICAN RESERVE BANK

**Thursday, 21 October 2021**

**Notice on the 'Revision of South Africa's national accounts statistics as from 1993'**

On 25 August 2021, Statistics South Africa (Stats SA) published the revised benchmarked estimates of gross domestic product (GDP) from the first quarter of 1993. In adherence to the South African Reserve Bank's (SARB) media notice, published on Tuesday, 28 September 2021, the following historical statistics are now available on the SARB website:

- Financing of gross capital formation: S–132 (6200J to 6203J, and 6002J)
- Production, distribution and accumulation accounts of South Africa: S–133 to S–138
- Current income and saving: selected items: S–139 (6200K/L; 6202K/L; 6203K/L; and 6246K/L)
- Key information: S–156; S–157; and S–158 (6246Z/S/N); (6272J/Y/Z); and (6287J/L; 6525J/L; 6288J/L; 6289J/L)

Click [here](#) for the abovementioned data.

The revised statistics from 1946 to the fourth quarter of 1992 will only be available on the SARB website on 15 December 2021, aligned with the release of the December 2021 *Quarterly Bulletin*, following the backward linking of the timeseries.
