G1/2020

To: All banks, branches of foreign institutions, controlling companies, eligible institutions and auditors of banks or controlling companies

Guidance note 1/2020 issued in terms of section 6(5) of the Banks Act, 1990:

Status of previously issued guidance notes

Executive Summary

Banks Act Guidance note 1/2008 dated 7 May 2008 established the process whereby banks (including branches of foreign institutions), controlling companies and auditors of a bank or controlling company will be informed of the status of previously issued guidance notes.

In order to ensure that banks (including branches of foreign institutions), controlling companies, and auditors of a bank or controlling company are in no doubt as to which previously issued guidance notes remain effective, the first guidance note of a particular year will serve as a notification to all institutions indicating which previously issued guidance notes remain effective for the ensuing year.

1. Introduction

1.1 All previously issued guidance notes are deemed to be withdrawn/terminated/replaced except if such a guidance note is to remain effective and is then accordingly confirmed in Guidance note 1 of that year. The guidance notes that remain effective will retain their original numbers and dates.

2. Effective Guidance Notes

The guidance notes listed below remain effective. Accordingly, banks, controlling companies, eligible institutions and auditors of a bank or controlling company are hereby requested to retain copies of these guidance notes.
