KB601

* Data for the last four years are preliminary and subject to revision.

1. After consumption of fixed capital and after inventory valuation adjustment.

2. At replacement value.

3. Including non-profit institutions serving households.

4. Current expenditure on salaries and wages and on goods and other services of a non-capital nature by the service departments (not business enterprises) of general government. General government includes central government, provincial governments, local authorities and extra-budgetary institutions.

5. After inventory valuation adjustment.

KB633

1. Income from property by general government consists of interest, dividend and rent receipts by general government and the surpluses/deficits of general government business enterprises.

2. After consumption of fixed capital and after inventory valuation adjustment.

3. Current expenditure on salaries and wages and on goods and other services of a non-capital nature by the service departments (not business enterprises) of general government. General government includes central government, provincial governments, local authorities and extra-budgetary institutions.

- The data in this table refer to private households (including pension and provident funds and long-term insurance funds), non incorporated business enterprises and private non-profit institutions (e.g. churches, welfare organisations and sport clubs) that render social and community services to households.
- After adjustment for net compensation paid to non-residents.
- Income from property consists of dividend receipts; interest receipts less interest payments; rent receipts less maintenance cost, mortgage interest and consumption of fixed capital; and the profits of non-corporate business enterprises after consumption of fixed capital and after inventory valuation adjustment.
- After consumption of fixed capital and after inventory valuation adjustment.
- For example health and education.
