\* Data for the past four years are preliminary and subject to revision.

1. After consumption of fixed capital and after inventory valuation adjustment.

2. At replacement value.

3. Including non-profit institutions serving households.

4. Current expenditure on salaries and wages and on goods and other services of a non-capital nature by the service departments (not business enterprises) of general government. General government includes central government, provincial governments, local authorities and extra-budgetary institutions.

5. After inventory valuation adjustment.

KB604

1. Including non-profit institutions serving households.

2. Current expenditure on salaries and wages and on goods and other services of a non-capital nature by the service departments (not business enterprises) of general government. General government includes central government, provincial governments, local authorities and extra-budgetary institutions.

3. After inventory valuation adjustment.

KB633

- Income from property by general government consists of interest, dividend and rent receipts by general government and the surpluses/deficits of general government business enterprises.
- After consumption of fixed capital and after inventory valuation adjustment.
- Includes amortised discount.
- Current expenditure on salaries and wages and on goods and other services of a non-capital nature by the service departments (not business enterprises) of general government. General government includes central government, provincial governments, local authorities and extra-budgetary institutions.

- The data in this table refer to private households (including pension and provident funds and long-term insurance funds), non-incorporated business enterprises and private non-profit institutions (e.g. churches, welfare organisations and sport clubs) that render social and community services to households.
- After adjustment for net compensation paid to non-residents.
- Income from property consists of dividend receipts; interest receipts less interest payments; rent receipts less maintenance cost, mortgage interest and consumption of fixed capital; and the profits of non-corporate business enterprises after consumption of fixed capital and after inventory valuation adjustment.
- After consumption of fixed capital and inventory valuation adjustment.
- For example health and education.
