1. Before April 2000, the basis of reporting revenue and expenditure was bank statement transactions, whereas the current reporting relies on cash book transactions as reported in the *Statement of National Revenue, Expenditure and Borrowing* and is therefore not strictly comparable with data prior to April 2000. Total revenue includes amounts in transit before April 2000.
2. Compared with the corresponding period of the preceding fiscal year.
3. The information on this page is an analysis of the National Revenue Fund.
4. Before 1983 sales duty is included and before October 1991 general sales tax is included.
5. Compared with the actual outcome of previous fiscal years.
