- Before April 2000, the basis of reporting revenue and expenditure was bank statement transactions, whereas the current reporting relies on cash book transactions as reported in the *Statement of the National Revenue, Expenditure and Borrowing* and is therefore not strictly comparable with data prior to April 2000. Total revenue includes amounts in transit before April 2000.
- Compared with the corresponding period of the preceding fiscal year.
- The information on this page is an analysis of the National Revenue Fund.
- Sales duty is included before 1983 and general sales tax before October 1991.
- Compared with the actual outcome of previous fiscal years.
