- The information on this page is an analysis of the National Revenue Fund. Before April 2000 the basis of reporting revenue and expenditure was bank statement transactions, whereas the current reporting relies on cash book transactions as reported in the *Statement of the National Revenue, Expenditure and Borrowing* and is therefore not strictly comparable with data prior to April 2000. Total revenue includes amounts in transit before April 2000.
- Secondary tax on companies/withholding tax on dividends from 1 April 2012.
- Including tax on retirement funds until March 2007, interest on overdue income tax, and other taxes on income and profits.
- Including donations tax, estate duty, securities transfer tax from 1 July 2008 and demutualisation levy.
- Sales duty is included before 1983 and general sales tax before October 1991.
- From April 2014 levies on imported fuel have been moved to general fuel levy.
- Including levy on financial services and taxes on the use of goods and permission to use goods or to perform activities.
- As from April 2012, import duties include customs duties and specific excise duties on imports.
- Including ordinary levy and other taxes on international trade and transactions.
- Including stamp duties and fees, and unallocated amounts.
- Southern African Customs Union.
- Including departmental revenue and other miscellaneous revenue, but excludes premiums on debt portfolio restructuring and loan transactions.
- Including statutory payments to provinces and other expenditure.

- The information on this page is an analysis of the National Revenue Fund. Before April 2000 the basis of reporting revenue and expenditure was bank statement transactions, whereas the current reporting relies on cash book transactions as reported in the Statement of the National Revenue, Expenditure and Borrowing and is therefore not strictly comparable with data prior to April 2000. Total revenue includes amounts in transit before April 2000.
- Secondary tax on companies/withholding tax on dividends from 1 April 2012.
- Including tax on retirement funds until March 2007, interest on overdue income tax, and other taxes on income and profits.
- Including donations tax, estate duty, securities transfer tax from 1 July 2008 and demutualisation levy.
- Sales duty is included before 1983 and general sales tax before October 1991.
- From April 2014 levies on imported fuel have been moved to general fuel levy.
- Including levy on financial services and taxes on the use of goods and permission to use goods or to perform activities.
- As from April 2012, import duties include customs duties and specific excise duties on imports.
- Including ordinary levy and other taxes on international trade and transactions.
- Including stamp duties and fees, and unallocated amounts.
- Southern African Customs Union.
- Including departmental revenue and other miscellaneous revenue, but excludes premiums on debt portfolio restructuring and loan transactions.
- Including statutory payments to provinces and other expenditure.

1. Data for the past two years are preliminary and subject to revision. Net flows: Inflow of cash (+)/outflow of cash (-). Data provided by Statistics South Africa (Stats SA). From the 1996/97 fiscal year onwards data were revised based on a census conducted by Stats SA for the financial year of local government. The data are based on the GRAP/GAMAP accounting standards from the financial year ending June 2005. Stats SA survey changed to the current *Quarterly Financial Statistics* format from the financial year ending June 2008, and therefore data are not strictly comparable with prior years.
2. Comprising transfers received from foreign governments, international organisations and other general government units.
3. Comprising property income (including interest and dividends), sales of goods and services, fines, penalties and forfeits, and other non-tax revenue.
4. Comprising current and capital transfers to foreign governments, international organisations and other general government units.
5. Comprising miscellaneous other current and capital expense (including transfers to non-profit institutions serving households and to households for non-social benefits) and property expense other than interest.
6. Domestic and foreign financial assets.
7. Liabilities classified according to currency of issue.
8. Cash surplus (+)/deficit (-) plus the net cash flow from financing activities.

- Before April 2000 the basis of reporting revenue and expenditure was bank statement transactions, whereas the current reporting relies on cash book transactions as reported in the *Statement of the National Revenue, Expenditure and Borrowing* and is therefore not strictly comparable with data prior to April 2000. Total revenue includes amounts in transit before April 2000.
- Compared with the corresponding period of the preceding fiscal year.
- The information on this page is an analysis of the National Revenue Fund.
- Sales duty is included before 1983 and general sales tax before October 1991.
- Compared with the actual outcome of previous fiscal years.
