Trust companies: Assets	47
Other financial intermediaries: Equity and liabilities, and assets	48
Non-bank financial institutions: Equity and liabilities, and assets	49

National financial account

Flow of funds for the second quarter 2024	50–51
---	-------

Public finance

National government finance	52–53
Cash flow and borrowing statement of national government	54
National government financing according to instruments	54
National government financing according to ownership of government debt	55
National government debt	56–57
Marketable national government debt	56
Ratios of selected national government debt data at face value	57
Ownership distribution of domestic marketable debt	58–59
Redemption schedule of domestic marketable bonds of national government	60
Interest payment schedule of domestic marketable bonds of national government	61
Marketable bonds of national government by unexpired maturity	62
Currency denomination of national government foreign debt	63
Redemption schedule of foreign debt of national government	64
Interest payment schedule of foreign debt of national government	65–66
Ownership distribution of domestic marketable bonds of local governments	66
Ownership distribution of domestic marketable bonds of non-financial public enterprises, corporations and extra-budgetary institutions	67
Ownership distribution of domestic marketable bonds of financial public enterprises and corporations	67
Government deposits	68
Government finance statistics of national government	69
Government finance statistics of national extra-budgetary institutions	70
Government finance statistics of social security funds	71
Government finance statistics of consolidated central government	72

Government finance statistics of consolidated provincial government	73
Government finance statistics of local governments.....	74
Government finance statistics of consolidated general government	75
Government finance statistics of non-financial public enterprises and corporations.....	76
Non-financial public-sector borrowing requirement	77
Government finance statistics of financial public enterprises and corporations.....	78
Total expenditure: Consolidated general government	79
Social security funds: Liabilities and assets	80
Local governments: Liabilities and assets	81
Non-financial public enterprises and corporations: Liabilities and assets	82
Financial public enterprises and corporations: Liabilities and assets.....	83

External economic accounts

Balance of payments: Annual figures	84
Balance of payments: Quarterly figures.....	85
Current account of the balance of payments	86
Foreign trade: Indices of volume and prices of goods and services.....	87
Trade account of the balance of payments by kind of economic activity.....	88
Trade account of the balance of payments by country and product	89
Services, income and transfers	90–93
Financial account.....	94–95
Foreign liabilities and assets of South Africa.....	96–97
Foreign liabilities and assets of South Africa by country	98–105
Foreign liabilities of South Africa by kind of economic activity.....	106–107
Foreign debt of South Africa	108
Maturity structure of foreign currency-denominated debt	109
Ratios of selected data	109
Gold and other foreign reserves.....	110
Average daily turnover in the South African foreign exchange market.....	111
Exchange rates.....	112
Exchange rates and commodity prices	113

National accounts

National income and production accounts of South Africa	114
Gross value added by kind of economic activity.....	115–116
Expenditure on gross domestic product	117–119
Final consumption expenditure by households	120–123
Gross fixed capital formation	124–130
Fixed capital stock.....	131
Change in inventories	132–133
Gross and net capital formation by type of organisation	134
Financing of gross capital formation	134
Production, distribution and accumulation accounts of South Africa	135–140
Household balance sheet	140
Current income and saving.....	141

General economic indicators

Labour: Employment in the non-agricultural sectors.....	142
Labour: Labour costs in the non-agricultural sectors.....	143
Manufacturing: Production, sales and utilisation of production capacity	144
Indicators of real economic activity.....	145
Consumer prices: All urban areas	146–149
Producer prices	150
Supply chain pressure indicators	151
Composite business cycle indicators	152

Key information

Money and banking: Selected data.....	153
Capital market: Selected data.....	154
Public finance: Selected data.....	155–156
Balance of payments: Percentage changes in selected data.....	157
Balance of payments: Ratios of selected data	157
Terms of trade and exchange rates of the rand: Percentage changes	158
National accounts: Percentage changes in selected data at constant prices.....	159
National accounts: Quarter-to-quarter percentage changes in selected data at constant 2015 prices, seasonally adjusted but not annualised rates.....	160
National accounts: Selected data	160
National accounts: Ratios of selected data	161
Composite business cycle indicators: Percentage change	162
Labour in the non-agricultural sector and unemployment rate: Percentage change unless otherwise indicated.....	163
Prices: Percentage change	163
Inflation expectations	164
Business cycle phases of South Africa since 1945.....	164

General notes

Owing to the rounding off of figures, the sum of the separate items will sometimes differ from the total shown.

... denotes not available

- denotes a value equal to nil

0 denotes a value between nil and half of the measuring unit

Labour: Employment in the non-agricultural sectors^{1,6,7}

KB701

1 Source of basic data: Statistics South Africa.

2 National departments, local authorities, provinces and statutory bodies.

3 Transnet, Sapo, Telkom and SABC.

4 Including catering and accommodation services.

5 Banking institutions, building societies and insurance companies. From the third quarter of 2002, also inclusive of real-estate and business services.

6 From the first quarter of 1998 basic data originate from the *Survey of Employment and Earnings* in selected industries by Statistics South Africa, and are not strictly comparable with earlier data.7 From the third quarter of 2002 basic data originate from a new expanded Survey of Employment and Earnings and from the fourth quarter of 2004 from the *Quarterly Employment Statistics (QES)* survey by Statistics South Africa. From 2013 and in selected years thereafter, the QES survey was expanded through sample refreshes, resulting in level shifts in certain subsectors during the second quarters. The data were statistically linked to compensate for these structural breaks.

1 Source of basic data: Statistics South Africa.

2 Since January 1995 information of the former TBVC states has been included.

3 From the third quarter of 2002 basic data originate from a new expanded *Survey of Employment and Earnings* and from the fourth quarter of 2004 from the *Quarterly Employment Statistics* survey by Statistics South Africa.

4 Comparability break from December 2003 due to a new survey based on Statistics South Africa's new business register.

5 These statistics are published on a quarterly basis.

¹ Source: Statistics South Africa (Stats SA). Published according to the COICOP Classification.² Weights based on expenditure patterns in 2014/2015 were applied to the data from January 2017 onwards. Weights obtained from applying the growth rates in the final consumption expenditure by households, as measured in the national accounts, from December 2016 to 2019 were applied to the data from January 2022 onwards. The latest weight structure is shown on the table.³ Based on Stats SA's new methodology and some historical data are not available.⁴ Seasonally adjusted by the South African Reserve Bank.⁵ The consumer price index for all urban areas (which was based on the COICOP classification and published by Stats SA from January 2008 onwards) was statistically linked to the historical consumer price index for metropolitan areas (which was based on the ITC classification that Stats SA discontinued after December 2007).

Consumer prices: All urban areas¹

1 Source: Statistics South Africa (Stats SA). Published according to the COICOP Classification.

2 Weights based on expenditure patterns in 2014/2015 were applied to the data from January 2017 onwards. Weights obtained from applying the growth rates in the final consumption expenditure by households, as measured in the national accounts, from December 2016 to 2019 were applied to the data from January 2022 onwards. The latest weight structure is shown on the table.

3 Based on Stats SA's new methodology and some historical data are not available.

4 Seasonally adjusted by the South African Reserve Bank.

5 The consumer price index for all urban areas (which was based on the COICOP classification and published by Stats SA from January 2008 onwards) was statistically linked to the historical consumer price index for metropolitan areas (which was based on the ITC classification that Stats SA discontinued after December 2007).

Consumer prices: All urban areas¹

1 Source: Statistics South Africa

2 Weights of final manufactured goods do not add up, as non-metallic mineral products (2.69) and furniture and other manufacturing (3.94) are omitted.

3 Weights are at industry level, based on 2020 value-added in the national accounts and will be updated each year from the national accounts data.

4 Seasonally adjusted by the South African Reserve Bank.

Supply chain pressure indicators

KB814

1 Compared with the preceding period. Quarterly changes at seasonally adjusted annualised rates.

2 Per cent. Source: Statistics South Africa (Stats SA), *Quarterly Labour Force Survey*.

3 Seasonally adjusted by the South African Reserve Bank.

4 Compared with the same period in the previous year.

5 Deflated by the non-agricultural gross domestic product deflator.

6 From the third quarter of 2002 basic data originate from a new expanded Survey of Employment and Earnings and from the fourth quarter of 2004 from the *Quarterly Employment Statistics* (QES) survey by Stats SA. From the second quarters of 2013, and in selected years thereafter, the QES survey was expanded through sample refreshes, resulting in level shifts in certain subsectors. The data were statistically linked to compensate for these structural breaks.

Prices

KB815

1 Quarterly: Compared with the preceding period. Seasonally adjusted annualised rates (seasonally adjusted by the South African Reserve Bank).

Monthly: Compared with the same month of the previous year.

2 Source: Stats SA. Published according to the COICOP Classification.

3 An administered price is defined by Stats SA as the price of a product, which is set consciously by an individual producer or group of producers and/or any price, which can be determined or influenced by government, either directly, or through one or other government agencies/institutions without reference to market forces.

4 CPIX for metropolitan and other urban areas up to December 2008. Headline CPI for all urban areas from January 2009 onwards.

5 This is the SARB's preferred measure of core inflation. Up to December 2016 fuel included only petrol. From January 2017, fuel includes petrol and diesel.

6 The consumer price index for all urban areas (which was based on the COICOP classification and published by Stats SA from January 2008 onwards) was statistically linked to the historical consumer price index for metropolitan areas (which was based on the ITC classification that Stats SA discontinued after December 2007).
