

# PEM WORKING GROUPS

## P4: FOUNDATIONAL ENABLERS

- **QR+:** The working group is designed as a collaborative space for industry role-players to engage on technical and design aspects of the QR+ standard as a pre-payment initiation enabler. Meets weekly.

## P4 FOUNDATIONAL ENABLERS

- **Fraud & Intelligence Information Sharing Forum:** is established to share knowledge and insights with and between private sector stakeholders of the PEM programme on local and international developments in payment fraud, and payment fraud risk management, and how this is shaping the potential and proposed role of the SARB in developing national digital financial infrastructure aimed to address payment fraud. Meets every two months.

## P5: PEMKey

- **PEMKey Update Session:** Meets every second month to provide general PEMKey programme updates. The session will contain status updates as well as insight into the various areas of the PEMKey as it evolves and is the one stop session to ensure you stay informed on all things PEMKey. The sessions will also be used to share opportunities to participate more actively as and when opportunities arise.
- **PEMKey Solution Collaboration:** Meets once a month. The working group is designed as a collaborative space to engage technical and design aspects of the PEMKey programme.
- **Industry Governance and Trust co-design:** Meets once a month. These industry focused sessions will promote collaboration on PEMKEY governance and PEMKey Trust Framework.
- TO JOIN ANY OF THE GROUPS PLEASE SEND AN EMAIL TO [SARBPEM@resbank.co.za](mailto:SARBPEM@resbank.co.za) and indicate which working group you are interested in.
- **Comments on the exemption notice and the authorisation framework should be sent to**

[NPSDIRECTIVES@resbank.co.za](mailto:NPSDIRECTIVES@resbank.co.za).
